WHO WE ARE

We are Himaaya Organization, an institution committed to promoting social peace, human rights, and achieving sustainable development in local communities in Yemen. We believe in the importance of building a society based on justice, equality, and respect for human rights for all its members. Through our projects and programs, we strive to address the social, economic, and political challenges facing local communities, working towards positive change, stability, and development. We provide the necessary support to local communities to positively influence political, social, and economic processes. By relying on community partnerships and collaboration with local and international entities, we work to enhance individual and community capacities and provide the necessary support for sustainable development. Our mission is to achieve positive change and promote a culture of peace and justice in the communities we serve.

OUR VISION

Towards a society characterized by peace and justice, where women and youth play an active role in decision-making and sustainable development in Yemen by 2030.

OUR MISSIOM

Himaaya Organization for Law and Social Peace strives to achieve a society rooted in peace and justice by empowering women and youth and enhancing their active participation in decision-making. We aim to improve the lives of our target groups by offering awareness and training programs in leadership and human rights, in addition to supporting initiatives that promote sustainable development. We are committed to building the capacities of individuals and local communities, providing consultations, and offering the necessary resources to raise awareness of social and political issues.

OUR VALUES

Diversity

We know that if we embrace differences, engage a diverse group of voices, and work together, we will be able to solve the world's most complicated problems.

Equality

We believe that all individuals have equal value. We believe in the importance of respecting every person. We promote gender equality and fight for the dignity and human rights of all.

Neutrality

Himaya is a non-governmental, non-profit organization operating under the law, not affiliated with any political party or sectarian group.

OUR GOALS

1. Empower women and youth socially, politically, and economically.
2. Enhance the role of women and youth in decision-making processes.
3. Improve governance mechanisms and institutional development.
4. Improve livelihoods for vulnerable and marginalized groups.
5. Develop the organization and strengthen its capacities.

Operational Presence

Peace, Protection and Law Foundation (SPPLPF) possesses flexible operational capacity and a well-established strategic presence in Yemen, with an increasing operational focus on areas under the control of the internationally recognized government. In response to changing conditions on the ground, we have adapted our operational structure to ensure the safety of our staff, maintain the independence of our operations, and enhance the effectiveness of our services to the communities most in need. Our presence is supported by official work permits, ensuring broad geographical coverage.

Below is a full list of our offices and geographical coverage:

Taiz Governorate (Head Office & Core Operational Hub)

Office Size:
A fully integrated main office serving as the command center for SPPLPF operations. The office currently houses our key operational and logistical teams, making it the primary hub for the planning, implementation, and management of high-budget programs in Yemen.

Legal & Geographical Scope:
Based on an official main permit, our operations cover all districts of Taiz Governorate. Through this core office, we manage and coordinate activities in neighboring governorates, including Lahj, providing us with direct access and enhanced response capacity in the southern regions.

Marib Governorate (Branch Office)

Office Size:
A field branch office with strong operational and executive capabilities, operating under the direct supervision of the main office in Taiz.

Legal & Geographical Scope:
Our operations are supported by a branch permit covering all districts of Marib Governorate, enabling us to effectively respond to the critical needs of displaced and host communities in the region.

Sana'a Governorate (Specialized Office for Specific Tasks)

Office Capacity and Functions:
In line with humanitarian principles and best risk-management practices, and following the recent wave of arrests and crackdowns targeting humanitarian and development organizations in Sana'a, as well as operational complications resulting from the FTO designation, the organization made a strategic decision to relocate its key operational and logistical teams to our office in Taiz.

Current Status:
Accordingly, we now maintain a limited presence in Sana'a, restricted to a core team dedicated to implementing specific programs that require neutral engagement and specialized access, such as second-track legal support and mediation initiatives.

Legal & Geographical Scope:
This office holds a national-level work permit, providing the legal framework to operate across all governorates and districts under the control of de facto authorities, when required, within the scope of our specialized mandates.

Governorates Where We Can Operate:

Thanks to our operational structure and official permits, we have the capacity to operate in the following governorates:

- Taiz Governorate: We have the capacity to operate in all districts of the governorate from our main headquarters.
- Marib Governorate: We can cover all districts of the governorate through our branch office.
- Governorates Neighboring Taiz: From our operational hub in Taiz, we can expand our operations to include Lahj Governorate.
- Northern Governorates: Our national permit registered in Sana'a provides the legal framework to operate, within the scope of our specialized legal support and mediation programs, in all governorates under the control of de facto authorities.

Key Milestones of the Organizationr

2025

Strengthening Local Mediation in Yemen" Project
"Unifying the Efforts of the Local Authority and the Taiz Axis Toward Transparency" Project

6. Empowering 20 young men and women to support community peace by enhancing their skills in peacebuilding and effective use of social media.

7. Reaching health centers in conflict zones and ensuring their neutrality.

8. Providing healthcare services and psychological support to individuals with special needs.

Meeting with EU and Netherlands Ambassadors in Marib Governorate

The Marib branch team of the Foundation for the Protection of Law and Strengthening Social Peace held a meeting with the Ambassador of the European Union and the Ambassador of the Kingdom of the Netherlands, accompanied by their respective delegations.

The meeting provided an opportunity to discuss the Foundation's work and ongoing activities in Marib Governorate, including the project currently being implemented with funding from the European Union Delegation to Yemen. The discussion also highlighted the Foundation's operational presence and efforts to support communities in the governorate.

"Strengthening Legal Oversight Mechanisms and the Principles of Transparency and Integrity" was held with the participation of judges, prosecutors, lawyers (male and female), and representatives from oversight bodies. The event took place in the presence of Mr. Fouad Al-Faqih, Deputy General Director of the Social Affairs and Labor Office in the Governorate.

Workshop on "Strengthening Governance, Oversight, and Transparency in Civil Society Organizations in Taiz" targeted 12 leaders and representatives from CSOs working in the fields of peacebuilding and governance.

"Digital Security Workshop for Army and Police Officers in Taiz"

Participated in by (12) officers, the workshop aimed to enhance the participants' capacities in dealing with digital aspects to support law enforcement at checkpoints, as well as during suspicion and detention procedures, in accordance with the law and in a manner that contributes to protecting civilians' rights.

As part of the "Enhancing Local Mediation in Yemen" project, implemented by the Foundation for the Protection of Law and Strengthening of Social Peace in partnership with Resonate! Yemen and funded by the European Union Delegation to Yemen, the Foundation organized the first meeting for members of the Community Reconciliation Committee in Marib, with the participation of social figures, community mediators, political party leaders, and local authority representatives at both the district and governorate levels.

The SPPLPF Foundation (Social peace promotion and lagel protection foundation) participated in the civil society organizations' experience-sharing conference between Yemen and Iraq, held in Jordan from January 31 to February 2026 ,3, following a gracious invitation from Resonate! Yemen.

The foundation was represented by Eng. Hothifa Hassan, Programs and Projects Manager, alongside the Governance and Rule of Law Officer. The event also brought together international and regional organizations—including PAX, Tech4Peace, Resonate! Yemen, and IAA—as well as Yemeni and Iraqi civil society organizations.

The conference focused on pivotal issues, most notably:

Digital safety and security

Media disinformation

Gender considerations

Operating in restricted civic spaces

Human security

Long-term advocacy

These themes were addressed through interactive training sessions, research presentations, open discussions, and the sharing of practical experiences.

The conference concluded with a joint planning workshop designed to formulate a collective action plan featuring 3 to 5 concrete collaborative initiatives, paving the way for a new phase of regional cooperation.

Issues of Interest to the Organization

Organization's Strengths

1

Organization's Experience:

The organization has proven experience in implementing projects related to peace and human rights, which enhances its credibility.

2

Efficient Team:

The organization has collaborated with local and international organizations, allowing it to benefit from external resources and support.

3

Strategic Partnerships:

The team consists of specialists with skills and knowledge in human rights and mediation.

4

Targeting Diverse Social Groups:

The organization's activities include women, youth, and local communities, enhancing its impact.
